Ha! I bet you thought we'd blown our entire load of stunners in last month's bumper issue, didn't you? Well just take a look at the opposite page and you'll see that – just like Dave the Designer, who's been busy wowing us with the card tricks he (very nearly) learnt over Christmas – we've kept a fair few aces up our sleeves. I mean check out Yvette! You may have seen the odd set of her before, but we've never seen her looking half as stunning as she does in our centre set. It's not that often a girl can combine beauty, class and downright sexiness to this degree, so it's hats (and pants) off to the lass. Other brunettes causing a stir downstairs this month include Avery, who's welcome in Club whenever she chooses to get her delightful spadger out for us, and Yank lovely Robyn. As for blondes... well Adriana's as good a place to start as any, not to mention Stella and co! – **The Ed.** ♣

FLESHLIGHT
www.FleshlightUK.com

THE WAHEY OF ALL FLESH

Following your Christmas feature about fake fannies, I thought I'd treat myself to one of those Fleshlights, and I tell you what – I'm bloody glad I did! I went for one of the bum ones, with a ribbed interior, and I swear I had the best ham-shank in years the first time I tried it out! My girlfriend's at Uni at the moment (*yeah, right – we've heard that one before!*), so I only get to see her every couple of weeks or so, which means I'll have plenty of time to get properly acquainted with my new friend. I can't believe I always used to laugh when I thought about sex toys for guys – to think I've been missing out on

sensations like these! Cheers for the feature – you've certainly made me a happy bunny.

Rob, Lincoln

Well, Rob, you'll be glad to learn that Fleshlight have just brought out another model. This one's called the Ice Lady and is (more or less) transparent. For more info check out fleshlightuk.com.

CUBAN HEEL

I've just enjoyed an amazing holiday in Cuba. Not only are Cuban girls fantastically sexy and beautiful they are also incredibly friendly. I was staying in a small town called Camaguey. On my first night I went to a local bar where, within minutes, I was chatting to a stunning latino beauty called Soranja. After a few Mohitos she took my hand, led me outside and hailed a taxi – a big, black 1950's Chevrolet. Once we were ensconced on the cavernous back seat Soranja lent over, took out my cock and began to wank me off in full view of the driver. Within seconds my cock was so hard Soranja straddled me and slipped it

inside her delicious Cuban cunt. Simultaneously she took off her flimsy top so that I could lick and suck her firm juicy tits ripened to perfection by the hot Cuban sun. By now our driver was steering with one hand whilst furiously masturbating with the other. After a great fuck – made all the more enjoyable by the pot holed road – Soranja dismounted, took my cock between her luscious lips and sucked me off until I blew my load, filling her mouth with hot, milky cum. As I did so the taxi driver joined in and shot his load all over his steering wheel.

After dropping off Soranja I went back to my hotel and went to the bar. Almost at once I met an incredibly beautiful black girl called

THE COURT OF SAINT JAMESON

Woah! I couldn't believe my eyes when I spotted the cover of your bumper January issue (33.1) – two of the biggest names on the business getting it on together, and all in my very favourite mag! I've had a real hard spot for Jenna for ages, and Silvia Saint has always been a very close second, so the thought of seeing them together had me scuttling home from the paper shop in double quick time! I wasn't disappointed, either – what a scorcher! I've emptied both nads over this set so many times now I'm going to have to start taking it easy before I end up needing re-hydration. The thought of there being even stronger pix of them on your website is almost unbearable, cos I haven't got a computer. Arrgh!

Ben, Nottingham

JORDAN IN COCK-STEALING SHOCK!

What's all this? Everyone's favourite ludicrously-breasted celeb seems to have taken to hanging around with prickless freaks in night-clubs. If any of you reckon you could hide your old chap between your legs with Katie P about, go and have a rare steak supper, right now!

Sorora who I spent the rest of the night fucking. And that's how it continued for the rest of the holiday.

So if you're looking for a holiday with plenty of fantastic girls and unlimited exotic sex may I recommend Cuba. I've already booked to go again.

Karl, Manchester

Hmm, how much did she cost, you dirty beggar?

NAT'S THE TICKET!

I have never written to you before, but I was so taken with Club's Girl of the Month in November – Natasha – that I felt obliged to put pen to paper. As soon as I saw this new star on the front page I knew I wouldn't be disappointed when I got to check out the rest of her inside. Not only has she got a body to die for, but her lovely grey eyes are also stunning. If it weren't for the fact that she was naked and showing off her fresh and tender pussy, I think I could easily spend the whole day gazing into her eyes. Well, maybe not...

Anyway, I just wanted to thank you for giving Club's readers this worldwide exclusive opportunity to check out this new beauty, who I have no doubts will enjoy a long and successful modelling career. It's this sort of thing that makes Club stand out from all the other mags on a crowded top-shelf.

Also I'd like to congratulate the photographer for getting her to wear that nice pink see-through top for the photo-shoot, although even a collection of dirty old rags couldn't spoil her too much! All in all, Natasha is a delicious girl with

BOY, WHAT A HANDFUL...

As we take a moment to get to grips with Adriana, feel free to take moment to get to grips with yourself...

PHOTOS: MICHAEL ANCHER

Here's something to keep your toes warm on those long, cold winter's nights. More fun than a hot water bottle and only half the chance of leaking all over the bed. Pretty sweet!

"I'll leave the bed wet alright, if you handle me right," reckons the 23-year-old blonde bombshell. We ask how.

"First I like to be stroked all over, with fingers, and then tongue. Trace them over my nipples and between my breasts, down past my belly button and into my pussy. This always does it for me," she demonstrates helpfully.

"I'm particularly partial to oral sex, so any guy who can go down on me and stay down there until the job's done is alright by me. You can't beat losing your load in a guy's mouth, it's the best kind of orgasm there is – hot, filthy and delicious." If Adriana keeps talking like this, we think we're going to beat her to the punch and drown the bed before the hot water bottle gets a chance.

"Oh, that's so sweet, I'd like that. I'd even sleep in the wet patch if you wanted." Oh dear, there we go! ♣

BIG CUNT-RY

I was minding my own business at work when a friend emailed me these (bloody bastard will get me sacked one of these days!). Anyway, I was rather impressed, so I thought I'd forward them to my favourite magazine forthwith, to see what you guys made of them. I reckon the Red Indian's the best, while the fat bloke's tummy is almost enough to put you off gash altogether.

Robin, Wolves

"Red Indian"? Bloody hell, are you trying to get us sacked? They're Native Americans, thank you very much. Mind your language in future, Robin. Yes, interesting cunt, though...

delicious tits, an amazingly fit body, and a very tasty looking pussy. England should be proud for breeding such a star. Best of luck to her, and I hope to see a lot more of her before long!

Mike, Newham

Don't worry Mike – we'll be running some more saucy pix of Nat before too long (in fact rumour has it next month).

ALERT SECURITY

I work as a night time security guard in a large office complex. The pay is shit but it has one great perk: spying on all the horny goings-on that take place after hours.

The other night was typical. Hardly had I sat down at the console than I spied a gorgeous young receptionist slipping her hand up her short skirt and fingering herself off.

After watching her masturbate for quite a while I flicked through the monitors until I came across a stunning, tight bodied blonde enjoying a stress busting evening work out in the basement gym – with a large black dildo.

I didn't think it could get any better until, monitoring the cameras on the executive floor I spied a stunning secretary sucking off her delighted boss. Zooming in I watched in glorious close up as she teased and tormented his big, hard cock with her soft red lips. By now my fingers were entwined around my throbbing cock as I wanked off. As the guy's cock exploded drenching his secretary's big, juicy tits with cum I shot my own load over the copy of Club I'd brought in to read.

Now don't you wish you had

my job?

Barry, Edware

We'd rather have that boss's job, mate!

JERK CHICKEN?

Anyone else like me got a fetish for watching girls masturbating? (No, we think you're the only one, mate – slightly sarcastic Ed). I just can't get enough of women playing with themselves. I really could watch them all day and frequently have – when my girlfriend's been feeling particularly horny, that is. The only problem is that I reckon I enjoy watching women bringing themselves off more than I actually enjoy shagging them. I'd rather have a wank while I watch

them bringing themselves off, to be honest. The missus has started complaining that I'm not servicing her anywhere near as much as I should. Should I be scared that there's something wrong with me?

Danny, Lincoln

Not at all, Danny.

And what's more, we're more than happy to fill in for you and sort your missus out. It's just part of the traditional friendly Club service.

EN-CHANTA-ED

Whether she's called Chanta, Lucy or even Anita I don't mind and I don't fucking care. All I know is that you can feature this sexy hot Asian babe in Club as often as you like. Chanta's set in Vol 33.1 was the perfect antidote to all those vacuous-looking girls who seem to dominate so many porn mags these days (*but not Club, surely!* – Ed). I can't be the only guy out here who'd like to see a lot more latino and Asian beauties gracing the pages of Club. And Chanta it doesn't matter what you call yourself, since a rose by any other name would smell – and look – just as sweet.

Bill, Stratford

PLANE JANES

What's gone wrong with air hostesses? When I first started travelling by air they only seemed to get the gig if they were young, slim, gorgeous and looked like they'd eagerly suck a cock at the drop of a hat. Nowadays it seems like any old lump of lard can get a job as a trolley 'dolly', so long as they're always there with a scowl and a grunt as you fight your way to your non-designated seat. Fucking hell, these bitches are really giving the Mile High Club a bad name. I know that air travel is cheaper than ever before, but so fucking what? I for one would rather pay five hundred quid and watch a gorgeous bird bend over in front of me, then deliberately give me a flash of her sexy panties, than travel there and back for 50 quid and have a stale sandwich thrown at me by some lesbian with a moustache.

Gerald, Chalfont-St-Peter

If you'd rather pay £500 and have a tasty hostess, why not try buying a first class ticket? For some reason the prettier attendants tend to hang around the front of the plane.

WINTER OF DISCONTENT

Bloody hell – how much longer do we have to put up with this shite weather? All those tasty birds out there are wrapped up in massive coats and scarves and hats and shit, and I've had enough. Roll on the summer, when we'll all be able to get a good eyeful of their lovely legs and tits again. Michael Fish, pull your bloody finger out!

Kev, Morecombe ♣

**MIA CAT!**

It's great to see stunning Mia gracing the pages of Club (Vol 33.1) – surely the natural home for this 20 year old cock-teasing beauty. In fact it's been such a while since I've seen Mia I was beginning to fear that she'd gone MIA: Missing In Action. I hope you plan to feature more of Mia in Club very soon.

Mike, Twickenham

We'll try, Mike.

EVEN COWGIRLS GET THE JIZZ

Randy Robyn the horny cowpoke lassoes some cocks and brands them her own – ouch...

ROBYN

PHOTOS: JACKS

Yeehaw pard'ners, lets round up some steers and drink their milk. "Er, I think you mean cows," Robyn corrects us.

Well, whatever. Robyn might look like a beautiful glamour model lying in a big pile of cowshit but she genuinely did grow up on a farm.

"I'm a country girl at heart," says 21-year-old Robyn. "I love the open air, the sun on my back and a couple of bumpkins' cocks in my hands. "Country folk generally have no inhibitions," she smiles. "I think it's to do with growing up next to nature."

Well, nature exceeded itself when it created Robyn – she's beautiful, sexy, intelligent and dirty. Three of the finest qualities a girl can possess. ♣

THE BREAST NIGHT OUT

...we've ever had. Well, apart from that time The Ed got himself arrested, of course

It may be cold enough to freeze the naughty bits off a brass monkey right now, but that wasn't going to put off the game gals who turned up to the launch of another of those late night nuddy channels the other day. One, they're not monkeys. Two, they just love getting their tits out. Which means that come hell or high water and damn the friggin' weather, paps will be displayed. Everywhere you looked it was tits, tits, tits, which is frankly exactly how we like it. Our vote for most perfect pair went to Francesca Diaz (over there on the right), but

there was some stiff competition from Angie George (up the top), who very kindly gave top schlong merchant Omar something to rest his drink on. It was mildly exciting to see random celebs Lyndsey Dawn McKenzie and Jodie Marsh hanging about the place, but since they were keeping their bra straps well and truly clasped (don't you hate them classy birds?) we didn't hang around with them for too long. Off we wandered looking for something more exciting – and boy did we find it when we came across Bev Cocks (above), letting her pussy get a right

old seeing to from two ever-so-willing female accomplices. Not to be outdone, those two blonde bombshells Jody and Ellie (above right) decided to go for a bit of hot lezzer action on the nearest available piece of furniture. The management assured us it was 'wipe clean'. All in all a top night of fleshy frolics from the rudest girls in London. And if the parties you go to aren't this dirty, then you need to get down the smoke sharpish, OK? ♣

The Sweet Smell of Success

Rebecca is a 27-year-old brunette, who lives in Devon with her boyfriend. In many respects, she's just the average girl-next-door, except for just one thing... she sells her soiled knickers on the Internet. Always keen to stick his nose into other people's dirty business, **STEPHEN ALBROW** finds out why.

CLUB: Let's deal with the obvious question first. How does a nice girl like you end up in a crazy business like this?

REBECCA: Believe it or not, it was my boyfriend who suggested it. He was telling me about a guy he knew who had paid £30 for some dirty knickers. At first, we just had a laugh about it, but then we thought that we might as well give it a go. The knickers that the guy had bought weren't pissed in or anything weird, so it seemed quite an easy thing to do. I'd just have to wear my knickers, like usual, only at the end of the day they'd get sent out to a customer. And my boyfriend's brilliant with computers, so he was happy to take care of the website. So we bought the domain name www.ukdirtyknickers.co.uk and then just waited to see what happened.

CLUB: And what did happen?

REBECCA: Well, it was quiet for a time, but eventually the orders did start to come in. And they were pretty perverted. I thought that most men would just want basic worn panties, but it soon turned out that I was expected to supply something extra. I had put a piece on my site saying that I was happy to listen to special requests and virtually every customer wanted something special. Panties that have been masturbated in are the most popular, with panties worn for three days close behind. As you can imagine, after three days and nights, they really do give off a whiff. But some people still want more than that. I have had requests for panties that I've worn while being fucked.

CLUB: It takes all sorts! Has anyone ever gone beyond that and requested something that was too shocking for you to go through with?

REBECCA: Twice that's happened. There was one guy that wanted to book into a hotel, which had to be within the city closest to me, so that I would be able to deliver freshly peed-in panties to him while the piss was still warm. I declined that one. Another guy asked if my crap was edible, because he wanted to eat it. I told him that I had no idea if it was safe to eat and that I wouldn't recommend it.

CLUB: Quite. So how do things work when you get a normal request, like when someone just wants some basic worn panties?

REBECCA: Well, the customer can choose any type of underwear that he wants, but usually it's a fairly simple white cotton brief or thong. The basic charge is £11, for which I wear the panties for 12-15 hours. Then I take them off, wipe them over my cunt a few times, place them straight into a sealed bag, then an envelope and post them. Customers can pay an extra £6 to have them worn for an extra day, or for an extra £2 I'll do a workout in my lunch-hour at the gym where I work. That makes the panties really smelly and sweaty, so that's a

"Panties that have been masturbated in are the most popular, with panties worn for three days close behind."

real favourite with my customers. And that's how things basically work, until you get to the more specific stuff, like watersports and fucked-in panties.

CLUB: What do you think your customers get out of the experience?

REBECCA: It's hard for me to say. Obviously it's a sexual turn-on for them and it fulfils a fantasy they have

in their heads. One customer sent me a picture showing his wife/partner wearing my panties while the guy fucked her. Obviously that gave his sex life a boost, although you'd have to ask him to find out why. I think that most customers just like the idea of touching an item of clothing that has

And that was good for the customers, as it meant the knickers got even dirtier!

Nowadays, how excited I get depends largely on the customer. If I get a really detailed e-mail explaining what the customer wants and how much of a buzz it will give him, then it still gives me a huge thrill. Who wouldn't get excited knowing that they're about to fulfil a stranger's ultimate sexual fantasy?

CLUB: Do your friends and family know that your underwear is up-for-grabs in cyberspace?

REBECCA: Some friends you tell and others you don't. I've told my family and they think it's funny. My sister offered to help out. My boyfriend's family has made known their disapproval but we still get on.

CLUB: And, lastly, Rebecca, whose soiled undies would you like to wear?

REBECCA: Wow, never really thought about that one... George Clooney's cotton boxers would be nice!

Well George, if you're reading you can send them to Rebecca, via the editor, at the usual address. Meanwhile, anyone wishing to find out if Rebecca's panties are to be sniffed at, should log on to www.ukdirtyknickers.co.uk ♣

been so close to such an intimate part of a woman's body – especially when that woman's a total stranger. Occasionally, they write to me and tell me what they do with the panties. Most just like to sniff them while wanking, but some like to wrap them around their cocks while wanking and others like to wear them.

CLUB: Wear them? Really! So how does it make you feel knowing that right now there might be some bloke somewhere walking around in your knickers?

REBECCA: Obviously you get used to it after a while, but in the early days it gave me an enormous sexual high. My pussy used to get so much wetter when I was wearing knickers for a customer, or even just from thinking about what my dirty knickers might be getting up to. My boyfriend loved it, because I was permanently horny!

Stella...

...where to stick it!

It was Tania's first time with another girl and she was a little bit nervous from the start. I felt her watching me as we had our make-up done and this turned me on like crazy.

Is there anything hornier than drinking from fresh pussy? If there is, I haven't done it yet – and I've done most things. When we were ready, I took her by the hand and led her out in front of the cameras.

I gave her a little kiss just to relax her and Tania surprised me by kissing me right back, slipping her tongue into my mouth and clawing at my buttocks frantically as she ground the front of her skirt into my pussy.

I could tell she was anxious to get started, so I teased her for a bit, then pushed her back into the sofa and pulled down her skirt.

Underneath she hadn't bothered putting on the panties we'd given her and her smoothly shaven pussy smiled back at me. It looked delicious.

"Is there anything hornier than drinking from fresh pussy?"

I pushed her legs back and swiped my tongue across her lips, making her gasp with relief, then I sunk in deep and savored her sex. Tania rubbed her pussy over my face as I sucked and I soon found her little pulsing clit and latched onto it like a limpet.

Tania howled as I stroked my tongue across her love button again and again and she lost it completely, grabbing my head and rubbing it between her legs as I sampled pussy and arse.

"Get ready for cock," I told her, rubbing one end of a huge double-ended jelly dildo against her pussy. Tania thrush her hips against it as I teased her for a few more seconds, then I slotted it home.

Tania's eyes screwed tight as I fucked her with this thick heavy snake and when she opened them up again, she found me on the other end, bumping her cunt in the middle.

"More!" she demanded after cumming over my arse, though she needn't have worried – more is my speciality. ♣

THE Wabe

The Wabe, Club International, 2 Archer Street, London, W1D 7AW.

Welcome to the Wabe, Club's very own showcase for all that's new, true, kickin' and, erm, alright then, untrue...

Joan Mavens' NEWSMOUND

NEW WABE TECHNOLOGY: Work on a new cutting edge computer program which simulates the changes engendered by ageing, lifestyle, and health problems in humans has been "bucketed" after conference attendees staged a mass walk-out when developers showcased several celebrity examples at an international IT meet in Seattle, Washington. The images, which aimed to predict the appearance of Elton John when he hits 60 and Sir Paul McCartney when he turns 70, were described by witnesses as "far too revoltingly fantastic and offensive to tolerate".

DEATH, AND PLENTY OF IT: As the already-horrific death toll continues to rise in the course of Nubia's ferocious but little mentioned civil war, harems throughout the Middle East are reportedly feeling the pinch as ex-pat Nubian men return home to sign up as their stife-torn country consequently sinks ever deeper into poverty and debt. Big impassive slaves with folded arms have traditionally constituted Nubia's largest export – and are crucial to the day-to-day running of the Middle-Eastern aristocracy's in-house private pussy parlours. Earlier this month the Sheikh of Dahed called an emergency meeting of the Emirates' biggest cheeses to discuss the crisis. "If this pernicious civil war is allowed to continue, soon we will have no big impassive blokes to stand about with their arms folded in the doorways of our harems," he warned startled delegates.

THE GOSSIP ACCORDING TO FROSTY RING ANAL ICE MAIDEN

THE TONY BLAIR WITCH PROJECT

A woman who mistakenly says that she wishes to remain "omni-nous", has set showbusiness circles chattering with her startling allegation that inexplicably ennobled pop idol Cliff Richard is over 400 years old. The North

London mother-of-four, who says she was formerly employed as a cleaner at the great man's mansion, claims that while mucking out the *Summer*

Holiday star's big pad she

found an ancient portrait of Sir Cliff in the attic... dated 1602!

AND THERE WAS ME THINKING THE DEVIL HAD ALL THE BEST TUNES...

"The really scary thing was not just that the picture was moving, but that it was singing quietly to itself. It sounded as though it was singing psalms," she recalls, "backwards." When the cleaning woman began dusting, the portrait became aware of her and one of the eyes winked at her. "Well I was out of there!" she remembers. "I saw Sir Cliff in the hall, and he showed me to the door. He gave me that same horrible wink.

I'd never heard him swear before but he said that now I knew his secret I had "better fl*ppin' watch it". He also confided that his hit song 'Devil Woman' was written about a woman he'd helped burn when he was masquerading as Witchfinder General after she was discovered deep in sly conversation with a huge taking fowl.

"Yeah, me and Cromwell nobbled the parrot and incinerated the ungodly bint 'cos she was threatening to blab. Crackle crackle went the flames and everything. She was evil and we were good so we treated the whole thing like a barby.' As he said this he leered and leaned close, and I noticed for the first time that his head is held onto his neck by nothing more than masking tape."

FROSTI WANTS TO KNOW:

Singing portraits in attics? Witch-burnings? Diabolical pop songs? Why does the PM give knighthoods to such people? Is it, perhaps, because he's some sort of necromancer himself?

MOR GOD IN STALKING AND CANNIBALISM DENIAL SHOCKER!

Fact: The famous Police song penned by former teacher Sting about pupils having crushes on him was originally entitled Take Your Paws Out Of My Knickers.

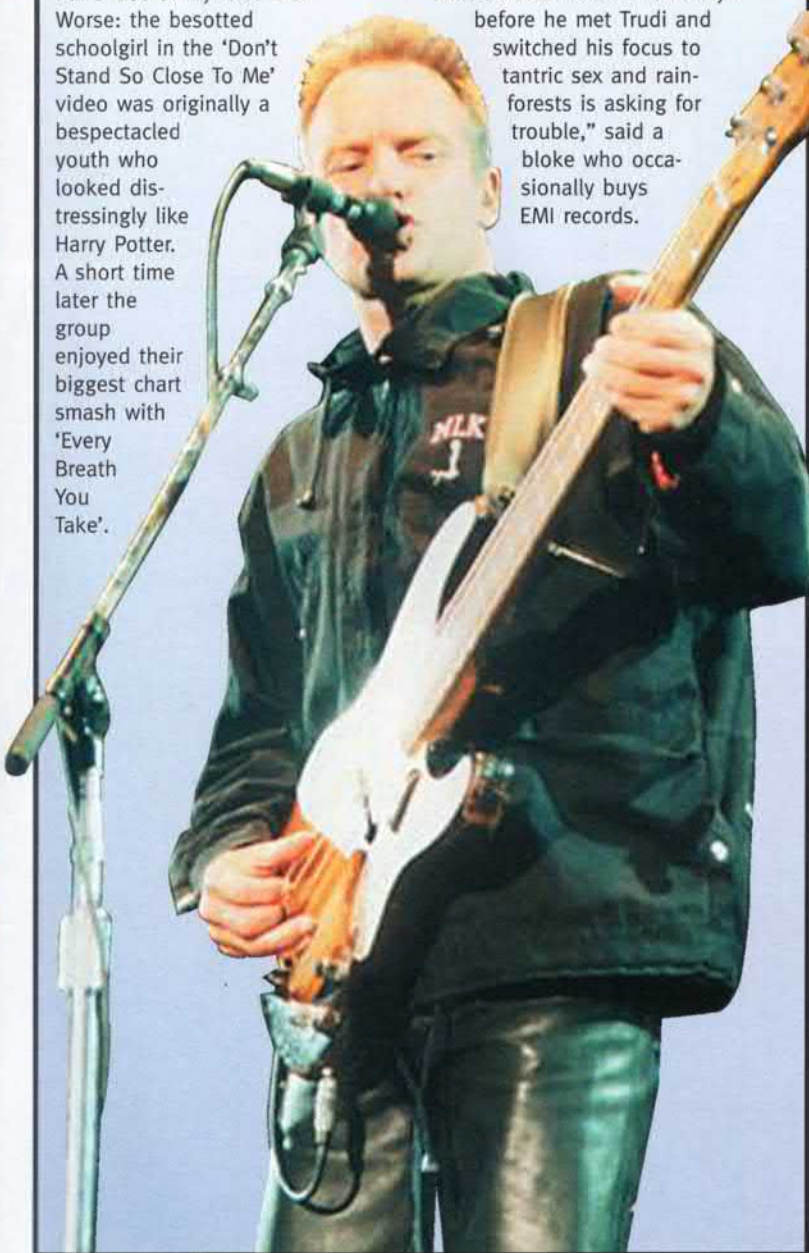

Worse: the besotted schoolgirl in the 'Don't Stand So Close To Me' video was originally a bespectacled youth who looked distressingly like Harry Potter. A short time later the group enjoyed their biggest chart smash with 'Every Breath You Take'.

But only after producers obliged lead vocalist/bassist Sting (real name Stewart Copeland the drummer) to alter the original chorus:

Every breast I bake,
Every muff I take,
Every time I flake, I make human cakes,
I'll be stalking you.
Each and every day, on the baking tray,
There'll be someone new.

"Sting is a very private person and anyone who asks him if he used to stalk women, chop them up and cook and eat body-parts on a table by the big oven in his Warwick Avenue cellar back in the days

before he met Trudi and switched his focus to tantric sex and rain-forests is asking for trouble," said a bloke who occasionally buys EMI records.

This is one Avery every bird watcher in Britain should take a sneaky peek at...

Here at *Club International* we love a bit of bird watching, and we've got the convictions to prove it.

However, we're nothing if not dedicated and how could we not be when every now and then we spot not-so-lesser-titled beauty like this? Avery can often be seen hunting for worms near open water or sitting on her mate's eggs.

"I think I've heard all these before," says 22-year-old Avery. "But please, don't let me stop you."

Darling, you couldn't stop us with a court injunction – and plenty have tried. So, why not tell us a bit about yourself?

"I started modelling a couple of years ago because I loved the lifestyle. I love meeting new people and..."

...sucking their cocks, we say, finishing Avery's sentence for her.

"Well yes, there is that to it. If I was a secretary and I'd sucked as many cocks as I had, everyone would call me an old bike. Suck them in front of a camera though and everyone calls me a professional. I love it – cocks and the professional tag."

We're glad she's happy in her work, there's nothing so crap as working for the man and getting the shaft left, right and centre. Er, well perhaps we should rephrase that.

"Or perhaps you should just stick a sock in it and let the readers enjoy my pictures." A sock in it, or on it? ♣

URBAN SURVIVAL: Valentine's

Life is riddled with extreme situations, and I'm not just talking about the time I went badger-baiting in Iraq and accidentally fell down Saddam's hole! In comparison to to my single-handed capture of one of the most hated men alive (subs, please check) most things pale, but here's something that doesn't...

There are few scenarios in life more complex and frightening than Valentine's Day. If you're with a woman and you forget this 'special' day, you may as well remove your own cock with a rusty kitchen knife and toss it to the dog, because you ain't going to be needing it any more. Luckily for you I've compiled all the survival info I can muster. Good luck, son...

1) FORGETTING TO BUY ANYTHING

Christ on a bike! This is crunch-time, soldier! This could be your Waterloo, and getting out of this depends on your situation when you discover the memory 'mis-take'. Let's look at some scenarios:

- a) You find out in the pub after a sesh and everywhere's closed. Not everywhere's closed though, is it? The local cemetery is still accessible... and it's packed with flowers. Just remember to remove the 'To our darling gran' card.
- b) You find out at home when confronted with a card and a moody cow – Pretend you've booked a posh restaurant for dinner. Then, when you get there and they have no record of your reservation, demonstrate your annoyance and disappointment by going ape-shit and threatening the lot of them.
- c) You found out days before, but couldn't be arsed anyway – Tell her your mum died in a car crash on Valentine's Day and you can't bring yourself to face it. Sit back, open a beer and drink in the pity.

2) YOU'VE ACCIDENTALLY SHAGGING SOMEONE ELSE

This is generally regarded as a bit of a no-no by most women on Valentine's Day. So, if you do find yourself accidentally slipping some other bint a length and your other half is in danger of finding out, here's the protocol:

- a) If you're danger of being grassed up, there's only one option: time to silence the fucker. I recommend a swift and violent blow to the trachea – effective and, let's face it, apt!

b) If your missus catches you mid-coitus down an alleyway, it's time to swallow your pride. Stumble around dazed and confused, claiming no memory the following day – the complete Rohypnol experience. Off Scot-free!

c) We've all been there: you've been a naughty boy and you've ended up with the evidence of a particularly voracious blow-job on your Johnson. Evading detection is easy: simply tell her you want to give her a kinky treat, tie her to the

be trusted again. Grab the sack and the bricks and head for the canal...

c) Teach him a lesson. Nobody touches your stuff. Drag him somewhere quiet and make sure he won't be messing with anyone else's goods for a while.

d) Who fucking cares? She's been round the block more times than a minicab anyway. As long as she brushes her teeth and showers before touching you, why should you care? Cold indifference!

may turn you into a whimpering piece of shit and/or leave you wanting to strangle lambs, but it will greatly improve your chances of being carnally rewarded. Simply imagine explosions and gunfights in place of the kissing and shitty Hugh Grant banter.

5) YOU CAN'T PERFORM

Well, I guess it does happen to some men (not that I really count them as 'men') and it's a situation that has to be handled with skill. Of course you'll ever respect yourself again, but you might be able to come out reasonably unscathed:

- a) Blame it on her – either sexual technique or revolting physique. You won't be very popular, but at least it's not your failing as a man.
- b) Feign a heart attack. Perhaps a bit over the top, but there's nothing more likely to draw attention away from your limp member than a good old-fashioned thrombosis.
- c) Bluff and use other tools at your disposal to buy yourself some time. If you get to the point where your jaw aches and still nothing's happening, it's time to hit the heart attack option.

d) Admit to it. A ballsy move and one that puts the emphasis on her. If she accepts it with understanding then you may be OK. But, chances are, she's still going to discuss it with her gaggle of friends. So, wait until she's asleep and despatch her with a pillow over the face. Harsh, but fair.

e) Say you just want to 'cuddle'. Hell, they use that all the time.

Survive Valentine's intact and you'll be walking proud over the graves of those men less prepared. But just because you get through it one year isn't an excuse to be complacent. I would recommend practicing all of the above techniques at least three times each during safe periods of the year. The boy scouts never got where they are today without 'being prepared'. Stay sharp soldier... ♣

bed and blindfold her! She'll never know and you can do anything you damn well like. Double whammy!

d) OK, you've thrown one up another woman, not caring who sees or tells your missus. Good man! She's not the boss of you! Tell her that your other bitch is a far better shag and that it's either get dirtier or get out! You da man!

3) SHE SHAGS SOMEONE ELSE!

If you've forgotten Valentine's Day and she storms out, there's always the chance she'll get pissed and fall prey to another bloke. There are many ways to deal with this, but these are the only ones worth bothering with:

- a) Forgive her... it was your fault. Only joking. Obviously that's just fucking ridiculous!
- b) Teach her a lesson. Like a dog that's tasted blood, she can never

4) BEING ROMANTIC

This is never going to come easy to real men, but if you're intent on making Valentine's special for the lady in your life, there are a few foolproof guidelines to follow:

- a) Buy flowers, preferably red roses. Try to avoid lilies and all other symbols of death such as wreathes, black orchids and suffocated kittens.
- b) Buy chocolates, but for the love of God, don't buy too many, otherwise she'll think you like bloaters and will do her utmost to inflate before your very eyes.
- c) Other assorted gifts tend to be well received, but avoid jewellery, as she'll think you're proposing. Also avoid the aforementioned kitten/puppy in a box as, chances are, you'll forget to put air holes in and just end up giving a furry little bundle of fresh death.
- d) Watch a chick flick together. It

THE JOKE'S ON YOU!

Send us your favourite filthy or totally sexist jokes and we could reward you with a crisp £50 note so that you can go down the pub and have a drink with your mates while you tell it! Send your joke to the usual address or mail them to clubint@pr-org.co.uk

There's nothing we like more at Club than a good laugh. So of course it'd be lovely if somebody actually send us in a joke that gave us one occasionally...

WINTER LOVERS

Two young lovers go up to the mountains for a romantic winter vacation. When they get there the guy goes out to chop some wood. When he gets back, he says, "Honey, my hands are freezing!" She says, "Well put them between my thighs and that will warm them up."

After lunch he goes back out to chop some more wood and comes back and says again, "Man! My hands are really freezing!" She says again, "Well, put them between my thighs and warm them up again." He does, and again that warms him up.

After dinner, he goes out one more time to chop wood to get them through the night. When he returns to the cabin, he states once again, "Honey, my hands are really, really freezing." She looks at him and says, "For crying out loud, don't your ears ever get cold?" *James, Aldershot.*

it in a raffle at work. Go get my bath ready while I start dinner."

The next day, the woman arrives home from work wearing a diamond bracelet. Her husband asks, "Where did you get the bracelet?" She replies, "I won it in a raffle at work. Go get my bath ready while I start dinner."

The next day, her husband

notices she arrives home from work wearing a mink coat. He says, "I suppose you won that in a raffle at work?" She replies, "Yeah I did! How did you guess? Go get my bath ready while I start supper." Later after supper, she goes to take her bath and she notices there is only one inch of water in the tub. She yells to her husband, "HEY! There's only an inch of

water in the tub." He replies, "I didn't want you to get your raffle ticket wet." *Steve, Letchworth.*

HIGH STAKES

A solitary golfer heads to the starters' area where he is paired with a woman. "Damn" he says. "This is going to be horrible." As he approaches her, he sees that she is very beautiful and figures it might not

be so bad after all. They head out to the first hole. The man looks to his partner, and says, "If I hole this putt, would you consider going out to dinner with me tonight?"

She agrees, so he lines it up, swings, and sinks it. They play a few more holes and approach the ninth. Both are lying 3 on this long par 5 and again the man looks up to the woman before his putt.

"If I hole this putt, will you kiss me after the date?" She says yes and he sinks the 10 footer for birdie. They approach the 17th and both are lying 2 on the par 4 hole. He looks up again.

"Will you consider coming up to my apartment if I hole this out right here?"

She says yes and he lines up the short 3-footer and right down the middle it goes. On the 18th, the woman is lying 3, about 40 feet from the hole. She looks to the man and laughs, "If I sink this putt, I'll let you screw me silly all night."

With that she lines up her putt, takes a backswing and...

"Wait, wait, wait!" the man says. "Pick it up, it's a gimme."

FEELING SHEEPISH

A white missionary is working in darkest Africa for some years. One day whilst he is spreading the good word to a tribe the chief asks him, "I'm sure you've noticed that there's one child in our tribe who is much lighter than the others. Do you have any idea why that would be?"

The white man looks thoughtful and then replies, "Well, once in a while this happens. It's called an albino. Just one of those little things. You could say a blessing, a gift from God, a throwback in the genetic chain." The chief looks puzzled, so the preacher, glancing out of the window, continues, "You see the herd of sheep your people keep out there in the pasture? You see there is one black sheep there in amongst the others? It's the same sort of thing."

The native wonders a moment, then looks worried, and finally says, "Look man. If you keep quiet about the sheep, I won't say a word about the baby. Okay?"

Peter, Staines.

If you thought Sex On The Beach was a cocktail you were wrong – it's a pussy tale

Rude Trudey emerged from the water looking like Ursula Andress, though it wasn't James Bond she was looking to get her meat hooks into.

"As much as I love cock, I'm also rather partial to a piece pussy," reckons the 23-year-old knockout. "The last time I was here swimming, I spied a lovely little cutie in the shallows. I swam around her for a few seconds then went in for the kill."

"Nobody up on the beach could see but we were bringing each other off inside ours costumes. The dirty bitch even stuck a couple of fingers into my arse and fucked me with them until I came all over her hand," she smiles.

"We found a quiet place in the dunes after that and got down to some licking. I do love a pinch of salt on my fish." ♣

ASTON THRILLER!

CLASSIC BRITISH MARQUE SHOWS THAT NOBODY DOES IT BETTER...

DB or not DB? That won't be the question fans of great British sports cars are asking themselves in 2004 – 'cos it has to be the DB9 every time. Aston Martin is starting a revolution with its awesome new supercar, and it's going to scare the living shit out of the best the Italians and Germans can muster.

The newcomer was revealed in coupé form at last September's Frankfurt Motor Show, and goes on sale in the spring. Meanwhile, Aston took the wraps off the Volante convertible version at January's Detroit expo to typical Yank cries of "Nice car, Limey, but I'd prefer a big stupid truck because it makes me feel like a man!"

Whether you prefer a hard or soft-top, you'll be getting one of the most beautiful machines on the road. The DB9 combines classic Aston styling cues with a modern theme, and looks the business. It's also seriously cutting-edge. This car represents a remarkable step forward for the company – and stuffy old men with leather-backed driving gloves won't like it. This is the first model to use Aston's Vertical-Horizontal (VH) platform. What the hell's that? To fuckwits like you and I, it's an aluminium structure that underpins the whole car. Light yet strong and rigid, it gives incredible benefits to the DB9's handling and performance. In other words, the DB9 will have you screaming your head off and driving like a loon.

Stuffy old farts may grumble, but the VH base does not represent platform sharing to anything like the extent employed by parent company Ford. And when the car drives this well, who gives a flying monkey's toss? Under the bonnet beats the heart of a stonking 6.0-

litre V12 engine, putting out a scary 450bhp and sounding fantastic. To get the full benefit of the throaty 12-cylinder roar, you're probably best off driving the Volante with the roof down, but in either guise the DB9 offers stunning performance, with 0-60mph dispatched in less than five seconds and a bonkers top speed of nearly 190mph. And the Aston is just as intoxicating when you come into the twisty turny stuff. Engineers have sweated buckets to ensure a perfect 50:50 weight distribution. And with all-round independent double-wishbone suspension the DB9 will stick to the shoddy, pot-holed tarmac of your favourite B-road like your pants do to your pubes after a good night in. The precise steering gives excellent turn-in, and the car is nothing but predictable when cornering hard.

While Aston Martin has gone to great lengths to make the new car a technological tour de force, once you climb inside the cabin will remind you of the kind of classic British car Seventies pop stars used to prey on small boys with. It's so very stylish and opulent – and in this era of eco-friendliness, it's refreshing to see Aston is still keen to push various species to the brink of extinction by nicking the most desirable materials from under their noses. Everything from bamboo to walnut and mahogany is on show. Yet beneath this sumptuous appearance, the technology continues, and is best encapsulated by the stunning luminescent display in the centre console. As light as a feather, as much fun as five cheap whores in one sitting, has more gadgets than Inspector G and is still as stylish as any James Bond Aston – the DB9 has to be a surefire hit! ♣

Just because I'm a model, guys think I'm unapproachable," says our Girl of the Month, Yvette. "It's so frustrating because I love being hit on."

Here at *Club*, we can't imagine she'd be going short, but apparently we're wrong.

"Guys like to treat me like I'm some sort of delicate flower, but I'm not flower, I'm a woman, and I have the same cravings as woman. I want cock. Lots of them. Big, hard, thrusting cocks."

We tell Yvette that our readers have these in abundance and she gives a little naughty smile.

"I wish I could have them now – all of them. I love being wanked on and would consider it a real compliment if your readers splashed me down from cunt to face with wonderful, gooey cum." You heard the lady guys, get on those cocks. ♣

READERS' GIRLFRIENDS

Is your girlfriend game for a flash? Get her to send a picture of herself, together with her name, address and a contact telephone number, to Readers' Girls, Club, 2 Archer Street, London W1D 7AW. If she fits the bill she'll get a top photo shoot and a £200 cheque, too!

PERSONAL DETAILS

NAME: Kelly

AGE: 22

VITAL STATISTICS: 36-22-34

WHAT'S SHE LIKE: Big, bouncy and busting for bulging bollocks.

WHY DID YOU WANT TO BE IN CLUB?

I'm a real exhibitionist, I have been my whole life. The moment I discovered my sexuality I couldn't stop flashing the boys. This is the ultimate flash.

DIRTIEST EVER EXPERIENCE?

When I was at college I got involved in some sort of rugby bet where I let six guys wank over my tits. It was amazing, having all that cum splattered on my bare boobs. Needless to say, I took a little taster from every cock as they shot their load.

YOUR NAUGHTIEST FANTASY?

Well, I keep thinking back to that rugby bet and regretting not letting them all fuck me. I was trying to be good at the time, but I would loved to have been caned by six fit rugby lads at once.

EVER HAD A LESBIAN EXPERIENCE?

Just the once. She was my best friend and she stayed at my place after the pub. We sat up watching porn and just decided to try each other's pussies. It was as simple as that.

ANY MESSAGE FOR OUR READERS?

Cum all over my tits, rugby or not. ♣

The Club International Stereo of Filth & Love

Motörhead

Live At Brixton Academy (SPV)

This live recording has everything – Sex Pistols covers, Brian May, and bad language. A brilliant reminder of the days when bands actually came onstage and had a natter with their audience, rather than come on, knock out songs, and bugger off hoping to get their cocks sucked. Motörhead did get their cocks sucked, so bands of today – let this be a lesson. **Ideal for:** Reliving your youth and having a great night in with the lads.

David Kitt

Square One (Blanco Y Negro)

After failing to qualify for the Euro 2004 finals in Portugal, Ireland can rejoice in the fact that their very own David Kitt is one of the best song writers around today. Thirteen melodic, romantic, and inspiring love songs may not be ideal for Napalm Death fans, but this LP is one of the essential albums of the year. **Ideal for:** pulling Irish birds, displaying your sensitive side, impressing a lady with above average intelligence.

Various

Hôtel Costes 6 (Pschent)

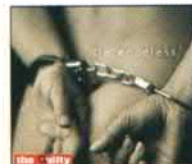

Always keep a copy of this next to the living room stereo. Even if you never drink champagne, never wear Armani suits, never eat caviar, never play polo, and never make love, she'll think you do. **Ideal for:** conning high maintenance girls into thinking your Al Fayed's blackjack partner.

The Unisex

Pigs & Their Farms Single (Shifty Disco)

The Mrs is bound to fancy the living daylight out of this Swedish sextet, so take her to one of their forthcoming shows so that she's well in the mood, grab one of the air bound drum sticks at the end, and then drag her back home to give her some proper rock and roll action. She'll love you forever. **Ideal for:** When you can't remember the last time you had sex, and also for locating randy Swedes.

The Guilty

Defenceless (Razzle Records)

Definitely not for the kids, this one, but then if the pubic hair on your Mrs is starting to go grey then you'll probably be quite happy to keep this wedged in the Volvo's CD player until she's given up menstruating altogether. If Mark Knopfler hears it he'll probably start having flashbacks.

Ideal for: Dire Straits fans only.

Sequel

Motorized Instinct (Sonar Kollektiv)

Switzerland is not only providing us with beautiful women and dodgy bank accounts, but also top notch dance music for the thinking man's raver. If you had aural sex with Air's Moon Safari then you'll be coming again soon with this belter.

Ideal for: the car stereo, especially in motorway traffic jams when your tea is going cold on the table, and the bedroom for post-coital smoking.

Elena

lastnightonearth EP (Delicious Records)

This saucy minx from Florence is well into her footie and she once played in goal for the Italian national girl's team. It's a pity she won't let us play in her (fish)nets and score. Ms Bottici's voice stands out above the average instrument arrangements like a copy of Club in the town centre library, but is money well spent as the Mrs will probably listen to this for years. **Ideal for:** making love to the girlfriend for the first time as opposed to the usual fucking her senseless.

Club meets... The Libertines

Life for London lads The Libertines has been up and down like my girlfriend's knickers, and to date they have shared the stage with bands such as Supergrass, The Vines, and The Strokes. Their debut album Up The Bracket is a rock n roll stormer, and guitarist/vocalist Pete Doherty recently did a month inside Wandsworth prison. And what for? For robbing his best pal and band mate Carl Barât's flat! He was probably after Carl's stash of Club mags! Let's have a look at what the pair have been telling Club about the finer things in life:

New! Spot the thief competition!

Have you two got girlfriends or anything?

Carl: No

Pete: No, but we keep ourselves busy!

Does being in this band help you get backstage blow-jobs and stuff?

Pete: I think that's always been life anyway, just lookin' for birds and stuff.

So as far as shagging is concerned, you'd be in the Premier League would you? Or in the Division One play offs?

Pete: We'd probably be banned from all competitions! Well, you can't go round calling yourselves The Libertines, unless you got.... anyway, actions speak louder than words don't they? Do ya wanna fuck!?

What sort of girls do you like? Blondes? Big tits? I mean, my little theory is like, well if they've got a firm tight little arse then everything else comes as part of the package deal.

Pete: I think generally the girls with the nice faces are pretty great. It's the face that gets you first. And also, if you like someone's face, unless they're massive, like that Irish bird the other day, you're not that bothered about the body 'cos you just wanna look them in the eyes.

You're right there.

Pete: [To Carlos] Who was that ballerina the other night? What did she say? She said, "I'm on the blob, but you can whiz in my mates moof if you like!" That fat Irish bird though, getting back to her, she was just like, well I've never come across anything like it. I fell asleep, and then I woke up and she was just licking my arsehole! It was absolutely scandalous.

Nice.

Pete: It was alright but we didn't have any toilet paper at the time. It was scandalous but she didn't care!

Have you ever had any sexually transmitted diseases?

Pete: Funnily enough, my Mum phoned me up the other day and she said, "I just wanted to tell you to get an AID's test, because I was reading in the paper that AID's is rife." So, I'm a bit worried now!

Quality.

Pete: I've had a couple of nice little rashes.

Is it easy to get rid of them?

Pete: Yeah, just sit tight!

The Ass Collector

(Blissbox.com)

★★★★★

Before *The Fashionistas* came this – a whoppingly ambitious production from Evil Angel directed by and starring Rocco Siffredi. Unlike most of Rocco's stuff there's a proper plot going on her, involving Rocco's policeman on the hunt for Chris Knight's bonkers Ass Collector, a pervy criminal who hoards away all the tastiest behinds (still attached to the ladies, thankfully) that he comes across. Amidst the car chases and other 'straight' stuff, this film contains some of the best sex scenes you're likely to see, and is a real must-have for any connoisseur of smut. The story is too complicated to go into here, but this collectors' edition captures it all gloriously, with a lot of very naughty action (some of it's a bit off the beaten track) in every blistering scene. Club regulars, meanwhile, will be chuffed to spot Josie in there, enjoying a very rare boy/girl scene in which her delightful jacksie come in for some serious probing. Top notch.

"Ooh, I like you – you look gay!"

Busty Suckers

(VivThomas.com)

★★★

A clever riff on one of Viv's earlier titles, *Busty Fuckers* (what's next – *Busty Truckers*?), this flick is a blow-job/tit-wank extravaganza featuring some of Viv's most top-heavy broads. In all of the five scenes there are some awesome top-bollocks (a mixture of natural and augmented breastage) swinging around all over the shop, meaning that this will be a must-have for all you boob-lovers. Special mention has to go to Angie, the Teresa May look-alike on the cover who settles down to a pretty hot scene with top cocksman Steve Hooper, as well as Brit Tara English, who delivers a killer blow-job that'll have you cumming back time and again.

DVD

Big Salami Cocksuckers

(bigwillyproductions.com)

★★★

Omar's back with the DVD release of another of his adventures, and this time he's a pizza delivery boy. But instead of lingering in your doorway, wondering whether he's going to get a quid or two extra out of you, our Omar just invites himself in and slips his considerable length to the ladies of the house. There are four scenes, in which Omar and his cameraman Bert (how many pizza delivery boys get their own cameramen?) provide five home-grown sluts with their special variety of topping. Not much bum-bashing going on, mind you, which is odd.

DVD/VHS

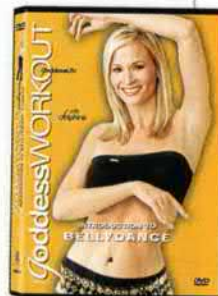

The League of Extraordinary Gentlemen (20th Century Fox) ★★★

Neither a Jack Hawkins led heist movie nor a bunch of creepy 'locals' wiggling people out in Royston Vasey, this League of Gents was possibly last year's daftest movie. Starring Sean Connery as explorer Alan Quartermain, this is basically a blockbuster (and non-religious) version of *South Park's* Super-Best-Friends, in which various literary heroes/villains team up to try and prevent World War 1. Erm, so they've got a job on, then. Aside from Quartermain there's The Invisible Man, Dracula's bint Mina Harker, Dr. Jekyll/Mr. Hyde, Dorian Gray (one wonders why he'd be arsed about preventing a war – wasn't he out of his box on opiates all the time?), Captain Nemo and (to raise the hick quotient) Tom Sawyer. Naturally, it's based on an original comic book, and is actually not quite as stupid as it sounds. 2 discs, lots of extras and a romping story make this the perfect Christmas fodder. Shame it's February.

DVD

Goddess Workout (Ventura Entertainment) ★

Fans of *Sex In The City* will probably have heard of this woman; she calls herself Dolphina, and teaches birds how to bellydance so they can get in touch with their 'Inner Goddess'. And we always thought belly-dancing was just a way for saucy young slave girls to turn-on their semi-impotent Eastern despots. If watching some bint going on about inner beauty is your bag, you're in luck. But then what are you doing reading Club, you weirdo?!

DVD/VHS RENTAL

Roger Dodger (High Fliers) ★★★

Campbell Scott plays Roger Swanson, a smooth-talking ad-man who, thanks to his use of cynical predatory techniques, has seen more than his fair share of babe-action. Then it all goes wrong for him. He's dumped by his female boss (Isabella Rossellini) and his seduction technique is hamstrung by a visit from his idealistic, naive nephew who's on a mission to pop his cherry. Funny in places, this study into the battle of the sexes boils down to the lesson, "Don't be such a cunt!" Still, he must have been doing something right all these years...

DVD

Android (Anchor Bay) ★★★★★

Probably thanks to the fact that it came out in the same year as *Blade Runner*, Aaron Lipstadt's *Android* often gets rather overlooked, which is a shame 'cos it's a pretty arresting film. Alright, so it lacks the bold futuristic poise of Ridley Scott's film, but then it does boast a sterling lead performance from everyone's favourite Germanic loon Klaus Kinski, as a mad-eyed scientist developing the perfect android (a tasty bird, naturally) on his space station, while his soon to be obsolete android (Don Keith Opper) looks on and gets more than a bit concerned. Cue a trio of renegades pitching up, and before you know it everything's going a bit pear-shaped for old Klaus. This is a memorable film for sci-fi fans, and the fact that the music was written by Frank Zappa's Mothers of Invention keyboardist Don Preston only serves to add to the general feeling of class. Oh, and there are loads of extras, too, of course.

DVD/VHS RENTAL

To Kill A King (Pathé Distribution) ★★★★★

Yes yes, the French might go on about their revolution a lot (well, once a year, at least) but let's not forget it was, of course, us who did it all first – right down to lopping the head of our foppish king! For some reason the English Civil War hasn't had much of a look-in in cinematic terms, but all that changed with this classy offering from last year. Starring Tim Roth as be-warted Cromwell and Rupert Everett as the ill-fated (but nicely moustachioed) monarch, this is a handsome period production, and would definitely merit a stroll down to the video shop even in a light drizzle, if only to escape the usual evening fare of gardening, property development and family-swap shit that seems to dominate the telly these days.

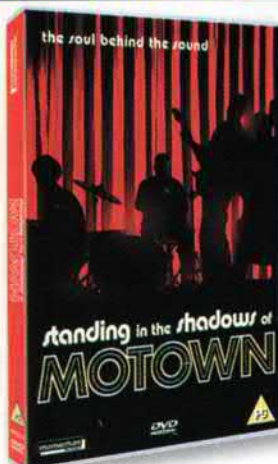

TOY

Erotic Plaster Casting Kit (Passion8.com)

Once it was just rock gods like Jimi Hendrix who got to have plaster casts of their cocks made (incidentally, his cast is less than 6 inches long, so what's the big deal, Mister Guitar Man?!), but now – thanks to passion8 – we can all have a go. This kit is easy enough to use, and, if you're pleased with the end result, you can send it off and get a cast made out of bronze and gunmetal and stuff. You can also use the kit to make a cast of your bird's nipples, although apparently the Ed needed all the plaster of paris just to cover his whopping johnson. Yeah, right!

COMPETITION!

Standing In The Shadows Of Motown (Momentum Pictures) ★★★★★

Believe it or not, there's a group out there who have performed on more Number One hits than the Beach Boys, the Stones, Elvis, and the Beatles put together. Now that's some going! Putting the beat and soul into tons of Motown records for legends such as Marvin Gaye and Smokey Robinson, The Funk Brothers have probably had their fair share of backstage groupie action. Sadly, this DVD focuses mainly on their musical success, but if you love to click your fingers and swing your hips, then you'll have a great time watching this, and if you're too tight to fork out, then you can win one of five DVDs we've got to give away! Simply answer the following question, stick it on a postcard and send it to Club's Groovy Motown Competition, Club International, 2 Archer Street, London, W1D 7AW to reach us by March 12th 2004. Which Motown act scored a massive hit with 'Bernadette'?

THREE AND SLEAZY

One of my favourite fantasies is to get fucked by two guys at the same time. I love the thought of having two hard cocks to play with and even broached the subject with my boyfriend. Tony reckoned he liked the idea (at least, he liked how horny I got when I was talking about it) but said this went both ways. I asked him what he meant and he told me he wanted a threesome with two women.

I wasn't sure about this at all, but agreed in the interests of fairness. Besides I was so horny for the two guys deal that I was ready to do anything to make it happen.

We asked our mutual friends if they'd help out but none were willing so we stuck an ad in the personal column of a magazine and sifted through the replies.

and I watched, mesmerised as this completely stranger sucked on my boyfriend's prick.

She moved one hand between Tony's legs and cradled his balls while putting the other hand between mine and stroking the front of my panties.

I was a little uncomfortable with this at first but the more I watched her suck the hornier I became so that I opened my legs and began to rub her legs.

Brigette's fingers were pressing hard against my panties, parting my lips through my gusset and I felt my cunt start to glisten. She crossed one of her legs over mine and directed my fingers between her thighs, but when I felt up there I found she wasn't wearing any panties at all.

Brigette grunted into Tony's cock as I traced the outline of her quim and swiped the flat of my

"Brigette continued to plunge her fingers in and out of my slippery hole until I gushed all over her knuckles."

Tony contacted the women while I got busy with the men. I tried to arrange my two guy-threesome before Tony's arrange his, but the sneaky bastard beat me to it and the next night a girl called Brigette called round to visit.

I was very apprehensive, but Tony's excitement steeled my resolve and so I tried to show willing and the three of us had a few drinks before we got started.

We had a bit of a chat to get to know each other and my heart skipped a beat when Brigette confessed that she'd been a practising lesbian for the last ten years. She hadn't been with a guy since she was 19 but wanted to give it another go to see if she still felt the same – though only in the company of another woman.

This put a completely different spin on things, but Tony was clearly excited by this revelation and told me he'd love to see Brigette licking my pussy.

I was horrified but before I even had time to think Brigette was snuggling up to me and giving me a kiss.

I responded – more because I didn't know what else to do – and Tony stood over us and rubbed his cock against our faces as we kissed.

Brigette turned and opened up her mouth, allowing Tony to feed his dick into her throat

thumb across her clit. I'd never touched another woman's bits before, so I was fascinated with Brigette's. I slipped a finger inside and felt her dewy pleasure, then inserted another and fingered her the way I liked to be fingered.

Brigette moaned harder and harder and began to wank Tony into her mouth with fevered determination. She slipped her fingers inside my gusset and I felt them bury themselves inside me so that the three of us were mutually masturbating each other.

Brigette pulled Tony's thick, upturned cock from her wet mouth and looked me in the eye.

"Lick my cunt," she told me, pre-cum and saliva dribbling all down her chin. My pussy clenched around her fingers as she repeated this demand and when she called me a slut and ordered me to go down between her legs I came all over her hand.

Brigette kissed me on the mouth as I orgasmed and continued to plunge her fingers in and out of my slippery hole, prolonging my pleasure until I gushed all over her knuckles.

"Now lick it," she insisted, and went back to sucking on Tony's prick.

I slunk off the couch and pushed my mouth into her sticky wetness. Brigette spread her legs wide open, filling my face with the smell and

taste of cunt and I set to it.

I lapped my tongue along her salty slot and rubbed her juices against her arsehole. Brigitte wailed as I pampered her two holes and pushed down against my fingers until they slipped into her bum.

Her cunt was dripping, and after only a minute or so her juices coated my whole face.

"Fuck yes!" she shouted, thrashing Tony's prick into her face while rubbing her pussy against my mouth. A moment later Tony grunted that he was cumming, and Brigitte closed her mouth around his hard-on to drink.

Brigitte whimpered as she swallowed and I turned my eyes up to watch her throat bob up and down as Tony poured cum down it. She pulled his cock from her mouth and gasped with utter want, then she grabbed my head and rubbed my face hard up between her legs.

After a few seconds of determined grinding she suddenly lost her mess, squirting all over my mouth and tongue as I frantically tried to lick. This was the horniest experience of my entire life and I still cum in my panties every time I think about it.

Brigitte's promised to come back again, but first we have a fellow called Tom calling this weekend to give me a second cock to fuck. I

can't wait. – Jackie, Milton Keynes.

AN UNEXPECTED BLOW

I work on reception in a big office block in the heart of the City. We have so many people in the company that I know hardly anything of them. No one has time for us lowly receptionists it seems, not even to say hello.

There is one guy, though. Terry works on the fourteenth floor and always makes time to be

ordered to clear his desk and be gone by lunch.

All of us on reception were really angry but there was nothing we could do. That was until Sharon spoke up and said that we could show him how much we appreciated him.

"How?" asked Fiona.

"Well I don't know about you, but I'm going to give him that blow-job."

We were stunned, but then Sharon asked who else was in. Rachel and Fiona were willing but

"A moment later Tony grunted that he was cumming, and Brigitte closed her mouth around his hard-on to drink."

polite. He's funny, too, and has a million corny jokes he loves telling. He shares one with us each day and me and the other girls always look forward to Terry saying good morning.

So, it was a great shock when one of the girls on fourteen rang to tell us that he'd been fired. Apparently, some miserable cow upstairs had overheard him telling the same dirty blow-job joke he'd told us that morning, reported him and got him fired. Terry was distraught, but was

unable to because they were married.

I, on the other hand, was single.

"What the hell, I'll suck his cock with you," I said and the others applauded our gesture.

When Terry stopped by to say goodbye, me and Sharon told him to follow us and led him into the security office out back, which was empty except for hundreds of monitors and VCRs. In fact it was the only room in the whole building that didn't have CCTV.

BLUE

"A little going away present," Sharon explained as she pushed him into a chair and started unzipping his trousers. Terry looked stunned so I gave him a big kiss and told him it was from me too.

The pair of us got down on our knees and threw his shorts across the room. We must've taken him by surprise because he was still soft, but our hands and lips soon saw to that.

Twenty fingers stroked his rapidly swelling

ing sight. I licked the sides of his shaft and sucked on his balls as Sharon gobbled the rest, then she moved to one side and let me take over.

I sunk my face over his upright rod and slurped up and down on it until the saliva ran from my wet mouth all down his cock.

Sharon wrestled his prick away from me and feasted on it for a few seconds before Terry pulled it out of her mouth and slipped it back into mine. Sharon looked a bit put out

"I sunk my face over his upright rod and slurped up and down on it until the saliva ran all down his cock."

prick and me and Sharon took turns running the tips of our tongues over his knob.

It was Sharon who took his dick into her mouth first and she gave it a quick suck before passing it to me. Terry's cock was still growing and I felt it stiffen against my tongue so that it was like steel by the time I passed it back to Sharon.

I'd never seen another woman give a blowjob this close before and it was a very arous-

by this but I felt flattered. I stroked him into my mouth with faster and faster sucks and felt myself gush all over my panty crotch.

If Sharon hadn't have been here I would sat in his lap and fucked him too, but I didn't want to eclipse her part in this too much.

I pulled his dick from my mouth and told Sharon to kiss me over his prick while I thrashed his shaft with my fingers.

Sharon did just that and we tongued each

others faces as Terry blew his salty load into our mouths. I could tell Sharon liked the taste of cum as much as I did because we sucked it from each others tongues as fast as he could squirt and ended up swallowing half each.

Terry thanked us for our present and left with a smile rather than a frown. It wouldn't last long unfortunately but I told him to pop in any time for a pick me up. – *Gail, London.*

SOFA SO GOOD

I've always liked my best friend's husband. I actually met Greg before Angela did and regret not snagging him when I had the chance. Still, there's nothing I can do about that now but it would've been nice to have tried his cock out for size though.

This was what I always fantasised about whenever I masturbated in the afternoons and one night last month I got the chance.

Greg and Angela came over for dinner and the pair of them had a little too much to drink so I invited them to stay the night.

I unfolded the sofa for them when they asked to turn in and Angela went out like a light. Greg and I had been flirting with each other all night, and suddenly his tongue was in my mouth and his hands were all over my body. I looked at Angela, sleeping next to him, and pushed him away.

"I can't," I told him, then went upstairs to my husband who was equally dead to the world. I lay beside him and relived what had just happened. Greg's hands had brushed across my breasts and wandered as far down as my pussy. I'd felt the pressure of his fingertips against my lips and they would've undoubtedly slipped inside my panties and penetrated me had I not pulled away.

I was so incredibly turned-on by this that soon my own hands were inside my panties and I was fingering myself quietly, so as not to wake up my old man.

I had such a heady rush as my orgasm spread through my body and I thought about Greg down there on the couch with his hands on his hard prick. I so desperately wanted those hands to be mine and began wondering if I could suck him off without waking up Angela.

I was shaking all over as I crept back into the dark living room and knelt down by the sofa-bed. Angela was snoring quietly but Greg was still awake and very pleased to see me. He held a finger to his lips and pulled back the covers.

There, in the darkness, I could see his enormous hard cock. I stroked my fingers lightly across it and it flinched against my touch.

I lifted his heavy meat and began working it backwards and forwards in my hand, though before I knew it my lips were around the end and I was slowly feeding him deeper and deeper into my mouth.

His prick tasted wonderful against the roof of my mouth and I swirled my tongue around his salty shaft, licking every drop of flavour from his delicious cock.

I felt Greg stroking between my legs and opened up so that I was squatting over his hand. He fed the first finger inside my wet pussy with ease, then slipped in a second, and then a third, so that he was crammed wonderfully wide.

I pulled at his juicy cock with my mouth and traced my fingers over his swollen nuts. Greg's balls felt delightfully full and I jiggled them about in my fingers as I sucked on his excited prick.

Tangy pre-cum was seeping into my mouth and I mopped it up with swipes of the tongue

inch and gasping with pleasure. I knew I had to be quiet but when Greg started pulling at my nipples I wanted to scream the house down.

After half a dozen thrusts, a gut-wrenching orgasm burst through my body, forcing me to bite down on my lip to stop me from waking my friend and a second after that I was on my knees again, thrashing Greg's hard prick into my hungry mouth.

A great jet of cum hit my tonsils and he held me by the head and fucked my mouth as he emptied his heavy sac down my throat.

"On one hand I wanted to drink cum, but on the other I wanted it inside my cunt."

and swallowed it down.

His prick twitched once and a small streak of sperm shot into my mouth, but Greg was able to stop in time and hold out a little longer.

I had mixed feelings about this, however, on one hand I wanted to drink cum from his twitching cock but on the other I wanted to feel it inside my cunt.

I decided on the later before Greg settled on the first and swung my bum around towards him. Greg swiped his tongue up between my swollen lips, then swung off the bed and pulled me back onto his pole.

Greg was big but I was famished and his cock was inside me a second later. I ground down into his lap, swallowing up every last wonderful

I drank the lot down with glee, and licked my smiling lips clean, but then I almost had a heart attack when I opened my eyes and saw Angela looking down at me.

"How was it?" she asked, though I was so shocked I couldn't reply. "Don't fret it," she said when she saw that I was worrying. "But I get to fuck your old man any time I want, okay?"

It was the start of a very understanding relationship. – *Claire, Derby.* ♣

Where you can still leave your backdoor open

SINKING A LONG ONE

I've always had a secret longing to try anal sex but I get so embarrassed about it that I can never bring myself to ask for it when I'm with my fiancé.

It's silly, I know, but I've been brought up to believe that nice girls don't ask to be fucked in the arse. And I'm not alone in this, all my girlfriends think the same. In fact, it's thanks to them that I finally got the chance to fulfil my fantasy once and for all.

See, a few weeks ago I was having lunch with my friends Margaret and Elizabeth when Margaret told us, in a hushed voice, that Roger, her tennis coach, had tried to fuck her in the arse the last time they were together. Of course I'd already known about Margaret and Roger (Roger was bonking half his students at any given time) but this latest revelation really pricked my interest.

"No, he didn't," I gasped in mock shock (just for show), then Elizabeth confided to us that she'd heard he'd tried the same thing on with several other students.

"And do you know what, I hear Susie actually let him," Elizabeth tutted.

Me, Margaret and Elizabeth voiced our mutual disgust at such a contemptible prac-

his face, and when he tried to follow my pussy around I held him off so that his mouth was forced into my arsehole.

I felt stupid and ashamed doing this and would never even have thought about it had it not been for Roger's reputation but I needed it so badly.

Roger finally got the message and rubbed his fingers up between my bum cheeks making me simper and pout with delight. He dipped his head and darted his tongue along my crease and I almost swooned with want.

"Oh yes, that's it," I moaned, as he wriggled his tongue inside my clenched hole. This was the first time I'd had anything (of someone else's) inside my bottom and my heart thrashed inside my chest as he explored my untouched hole.

I spread my legs and loosened my ring as I felt Roger's fingers press against it, then a moment later he was pumping his knuckles hard against my sphincter.

"Yes, yes, yes," I moaned as he fingered me with all his might.

"You want to be fucked in the arse, then do you?" he said, straightening up over me. I nodded sheepishly and he spun me over on my front and spread my legs. "I want you to

"Roger angled his cock down and leaned against me, burying the first three inches straight inside my arse."

tice and then the next day I booked a dozen tennis lessons for myself.

Three weeks and all Roger helped me with was my backhand though what I really wanted him to help me with was my backdoor. After lesson number four, when he still hadn't tried to seduce me, I decided I had to make my availability a little clearer and dropped a few choice hints about private tutelage.

Roger finally understood and invited me back to his flat for a spot of lunch. Two minutes later I was on my back on his couch with his head between my legs.

He rasped his tongue over my soft fleshy folds and pumped his fingers in and out of my depths as I held him by the head and moaned with bliss.

"Oh that's it, lick it," I moaned gently. "Lick it all." As I said this I pulled my knees back to my chest, exposing my vulnerable virgin arsehole in the hope that he'd take the initiative. Roger continued to pay all his attention to my pussy and I'd had such high hopes of busting my anal cherry that this frustrated me immensely. I pulled my legs back even tighter to my chest and brought my arse into

say it," he told me.

I asked him why and he said it was because he loved hearing posh women speak dirty, so I whispered it quietly.

"Not good enough, say it like you mean it otherwise I won't do it," he said, making me beg.

"Please, please, fuck me in the arse," I finally whined, thrusting my bottom against him. "Fuck me, stick it in my bum."

Roger stroked his hot meat along my groove and poured oil onto my arsehole. "Oh fuck yes, do it to me please," I continued to mutter as he kneaded the lube into my quivering hole.

Roger angled his cock down and leaned against me, burying the first three inches straight inside my arse with hardly any resistance. I stuffed my face into the pillow and screamed my lungs out as he worked his cock backwards and forwards, stroking him cock in further and further until finally I had every one of his eight inches secured deep inside my arse.

I was almost crying with delight as he pumped me backwards and forwards. It was everything I'd hoped it would be and so

much more. I came after only the third stroke and then again three more times as he punished my back door with harder and harder thrusts before finally I felt his cock light up inside me.

I loved the feeling instantly and clenched my sphincter around his meat to milk every last drop from his balls before turning around and sucking him off.

His prick tasted filthy (just how I felt), and I ran my tongue over every inch, from seeping eye to swollen balls until I'd cleaned it for him.

Since meeting Roger, I've really come out of my shell, sexually speaking, and have the confidence to demand all sorts of dirty things (most of which I'm not sure you can even print). My serve has also improved no end, which is a bit of an unexpected bonus. – *Penelope, Ascot.*

DIRTY DISCOVERY

I'd been seeing this girl called Kelly for a few weeks when a friend of mine told me he'd found pictures of her on an amateur porn site. I checked it out and couldn't believe my eyes when I saw her with some guy's dick buried up her arse.

I'd always been the perfect gentleman with Kelly and she'd always acted sweetly innocent, but now I saw that I'd been taken for a mug.

I was going to call her up and dump her there and then, but decided at the last moment to sample her dirty side for myself first. Now that I knew that she was no stranger to anal, there was no way I was going to finished her without fucking her first so I called around at her flat an hour later.

"Oh hi, what are you doing here?" she asked in surprise.

I gave her a passionate kiss and told her I was going to fuck her brains out. She looked gen-

uinely shocked at how forthcoming I was, but melted in my arms and told me to give it to her.

I marched her into the bedroom and ordered her to suck my cock as I stripped her out of her clothes. She feasted on my stiff rod as I whipped her dress over her head and pulled her knickers down, then I pushed her legs apart and planted my prick in her cunt.

"Whatever's come over you?" she asked.

"Don't worry about that, you worry about what's going to cum over you," I told her.

I thrust into her again and again as she squirmed and gasped beneath me but this was only half of it. I pulled out of her pussy and told her to turn over, and like an obedient serving girl she did as she was told without hesitation.

"Fuck me from behind," she purred.

"From behind nothing, I'm going to fuck you in the arse," I told her and slapped her across the buttocks.

Kelly cooed excitedly and yanked on my stiff cock as I licked all around her ring.

"You filthy bastard," she moaned, grinding her bum against my mouth. I fingered her pussy until it was positively seeping with cream, then spread it up between her cheeks and worked it inside her ring. Kelly gasped with delight and I heard her say "yes" as my fingers disappeared inside her.

Kelly was pulling on my cock as hard as she could and begging me to stick it in her arse, so I climbed up behind her and pressed it against her arsehole.

"Oh fuck me yes," she cried and I drove for-

ward and sunk into her tight little bum without the slightest shred of mercy.

Kelly wailed as I fucked her arse, and she appeared to truly love it. She pushed back against me, swallowing me up to the balls and bashing my prick repeatedly, fucking every last ounce of pleasure out of it she could manage.

"You really are a slut," I told her, plunging into her hard and fast. Kelly told me she'd been waiting to see how long it would take me to work this one out and grabbed my balls through her legs.

She caressed and stroked my nuts all over as I hammered her ring and after only a couple of minutes of fevered fucking I felt them tighten to bursting point.

"Turn over," I told her and Kelly flopped on to her back just in time, as I came all over her. Kelly rubbed my cum into her body as I hosed her hot body down with milky spunk, and by the time I was finished she glistened from pussy to tits.

"That was phenomenal," she moaned, then asked me what on Earth had brought it on.

I told her about finding her website but she denied any knowledge of it. We went to her computer and I pulled up the site but still she insisted it wasn't her.

"She looks a bit like me, I'll grant you that, but I don't know if you've noticed but I haven't got any tattoos."

Oh dear. Still, Kelly wasn't too pissed off. At least she said she wouldn't be if I continued to fuck her like that. – *Colin, Manchester.* ♣

In a recent Durex® Survey 67% Of Women Said They Were Unhappy With Their Lover's Penis Size... 90% Of Men have a 6" Penis. That's Average Size. EXTENSIS® is for Men who aren't happy with being AVERAGE! You Don't want an Average Income, an Average House, an Average Car...So why settle for an Average Penis?

extendyourpenisfast.com

Simply try Extensis for 30 days and if after 30-days you do not experience a minimum of 1" gain in length, simply send the empty bottle back to us and we'll refund you 100% of the cost.

Especially when it is now safe and inexpensive to increase your penis size by up to 41%! The figures don't lie. Money, muscles and looks help, but women want a bigger man! Introducing a NEW Herbal Science Breakthrough that is GUARANTEED to increase your penis size by 1, 2, 3 inches or more in just a few short weeks! This amazing new product is called Extensis and by simply taking 2 Extensis capsules daily, you can make your penis grow in both length and thickness by a whopping 26% (individual results can vary, 26% is the average). With absolutely no adverse side effects!

Dear Friend, you may not believe us, but we'll make it worthwhile for you to change your mind! In a way that will reward you for the rest of your life. Having a small or average sized penis, being impotent, or having any other sexual dysfunction can destroy a man's psychological well-being. Tens of thousands of men in Europe alone suffer from these types of problems. Our product, Extensis will develop the entire penis, enabling you to have a much larger and thicker penis, with harder, more frequent erections, leading to improved self confidence and quality of life, as well as huge sexual enjoyment for your partner.

How Does Extensis Work? Your penis consists of spongy reservoirs (erectile tissue chambers) called corpora cavernosa. Blood gathers within these chambers to produce an erection when aroused, creating the size your penis currently is. The size of your erection depends on how much blood your body pumps into the erectile tissue chambers. But the amazing thing is that your erectile tissue can be developed to be much larger and stronger, and to also create larger, fuller erections. Simply put, your penis is extremely unfit, and much smaller than it could be if your erectile tissue chambers were larger and held more blood. Extensis is an all-natural blood flow stimulator that pushes blood into the erectile chambers of your penis during arousal. Its active ingredients act on the penis blood flow and immediately begin to work on these chambers increasing penis length and thickness, giving you the extra inches you have always desired. Extensis works because it relies on a scientifically balanced mixture of botanical and all-natural ingredients that have been used for male virility and potency for decades. It was created through extensive laboratory testing to discover the most potent blend for maximum effectiveness. The majority of users report initial results within 3 to 4 weeks. You may see results sooner, or it may take a bit longer for your body to adjust. Men who followed the Extensis plan for four to five months reported an increase in size of up to 41%, with the average reported increase of an amazing 26%. Extensis will continue to work the longer you use it. Over time as the chambers in the erectile tissue stretch, more and more blood will be forced in, creating further substantial growth in both length and roundness. It is totally herbal and safe, so it has NO adverse side effects.

Try Extensis, and after just a few days, you will start to see and feel the difference in

the way your penis hangs and feels when erect.

Furthermore, you're guaranteed to see an increase of ONE FULL INCH in 30 days or you pay nothing! We're so generous with this guarantee because with over a 96% success rate, we're more than confident that it will work for you, like it has for thousands of other delighted users.

Some products on the market offer vacuum pumps to improve erections. They may work to create some small increase in size, but the effect is never more than temporary. Surgery is expensive, painful, can lead to infection and scarring and doesn't guarantee results. Extensis requires no devices and no surgery to work. Some ask about its similarity to Viagra®. The main benefit of Extensis is added size. However, Extensis users also report harder, more frequent erections, similar to results some men experience with Viagra®. Unlike Viagra®, however, non-prescription Extensis is an all-natural product. Another positive side-effect is that your penis will be more sensitive, leading you to enjoy intercourse more.

How long should I take Extensis? Take it until you get to 8" or 9". After you get to this size, we advise you stop taking it. Any longer would be too large for most women to handle.

Here's What You Can Expect: Week 1-3: You will experience greater and longer lasting erections and a noticeable increase in thickness.

Week 4-8: Your penis will have grown in length and will possess much more thickness in both erect and flaccid states.

Week 9+: Your penis will have taken on a new body, not just longer and thicker, but much harder and healthier.

Quality Assurance: Extensis is a proprietary blend of 100% safe and natural ingredients. Each bottle of Extensis is packaged to meet the highest standards and is backed by our unbeatable Customer Satisfaction Guarantee.

100% Natural & Safe: Extensis will: Strengthen and harden your erections like a length of STEEL PIPE! • Develop your PC muscle to form a truly "muscular" looking penis that will impress and arouse your lover. • Enlarge your penis 1-4 inches or more. • Intensify your orgasms. • Achieve more powerful thrusting ability. • Last as long as you want without drugs. • Achieve ROCK HARD erections any time you want. • Increase your penis sensitivity, enhancing pleasure. • Safely and permanently enhance your penis size.

Our Unconditional Guarantee. With a 96% success rate, we are more than confident that it will work for you. Simply try Extensis for 30-days and if after 30-days you do not experience a minimum of 1" gain in length, simply send the empty bottle back to us and we'll refund you 100% of the cost. With our "No Grow - No Pay" guarantee, our product HAS TO work for you, or we'll lose money on every sale. A month from now you could be enjoying all the benefits of a larger, thicker

penis, or be exactly the same as you are now. With our no nonsense guarantee, we will not allow you to take any risk. Order totally risk free today, and let Extensis work for you!

STEROID ALTERNATIVE

Animal Myostatin studies show 200-300% increase in muscle mass & decreased bodyfat

Earlier this year at John Hopkins University in the USA, clinical trials on mice produced astounding results with HEALTHY MICE gaining 2 to 3 times more muscle than their 'ordinary' counterparts. Scientists studying what made these animals hold so much more muscle mass discovered the answer was MYOSTATIN. Or rather the LACK of Myostatin. The Myostatin gene produces a protein found in all our bodies whose only purpose, is at a certain point to "turn off" muscle growth. Scientists found that instead, by "turning off" the Myostatin gene they could literally lift genetic barriers to muscle growth. Blocking or decreasing Myostatin also decreases body-fat levels. The clinical research on animals showed that decreases in Myostatin resulted in up to a 70% reduction of body-fat levels! So by controlling Myostatin, not only could you pack on new muscle mass, but lose unsightly body fat as well.

Ripfast's stunning NEW Testo Intelligence Stack SS1 now contains MYANABOL™ and is the most powerful Myostatin inhibitor supplement available in the world. The MYANABOL™ in Testo Intelligence Stack SS1 actually "binds" myostatin in your body. Neutralising the effect of myostatin on muscle cells could literally lead to REMOVAL OF MUSCLE MASS LIMITATIONS! Testo Intelligence Stack SS1 with Myanabol:

- **Allows you to gain muscle mass that would be impossible without this technology.**
- **If you're a hard gainer. It is ideal to kick-start muscle growth.**
- **It's perfect for already well built athletes who have hit a plateau and stopped growing to kick-start BRAND NEW muscle growth.** (For indepth data on all ingredients visit ripfast.com or see the **RIPFAST Product Guide**).

Testo Intelligence Stack has the ability to NEUTRALISE MYOSTATIN AND increase the body's level of all five anabolic hormones: (1) Testosterone; (2) Human Growth Hormone (hGH); (3) Insulin-Like Growth Factor 1 (IGF-1) & Luteinizing Hormone (LH) It includes: MYANABOL™ (Cystosera Canariensis Complex) PLUS! Tribulus Terrestris, 20-Hydroxyecdysone (Ecdysterone), Methoxyisoflavone, 7-isopropoxyisoflavone (Ipriflavone), L-Arginine Pyroglutamate & Lysine HCl, Alpha Lipoic Acid, Zinc, Magnesium, Chrysin & an Anabolic Multi-Nutrient Stack

Testo Intelligence Stack SS1 with Myanabol literally allows the athlete to overcome the main obstacle in building a superb body - genetics! NOTHING ON EARTH COMPARES.

Production is complicated and supplies are limited. Kick start your muscle growth, FAST with Testo SS1. Order Today!

Advanced Techniques for Daring Lovers

Modern day Casanova, and naive-minded cynic, please stop reading now. For the rest of us a TACT- OVER 90% of women admit to having taken an orgasm, several, if not most times, in their life. Has yours? You probably don't know, and maybe never will. The first few minutes could literally transform your life - leading to the best 240 that you'll ever spend. Because you could end up being known as the guy who gives orgasms every time. No financial, business or career high can top this compliment. When you've heard how you'll know what we're talking about!

WARNING: Due to the highly explicit sexual content, this video-book set is only available to ADULTS over 18 years. We are completely serious when we say that the women in your life will never want to have sex without you. How to take a woman to orgasm every time - and have her ache for more! is the title of an explosive new video & book set by leading American Author Cheryl Kramer. You won't learn how to attract females, the art of conversation, whether or not you should talk about religion or politics on a first date or what to wear to work. There are a million sex manuals (full of waffle) on the market that do this. It comprehensively covers one topic - how to take a woman to orgasm. You may say this sounds too clinical, too methodical, and perhaps the bedroom isn't the place for such "rules". But the same techniques taught are no double, sex surgically, without, after, after learning them you can add your own improvisational extras. Fast, highly effective methods of preventing premature ejaculation are also explained. The book and video clearly explain how to recognize and deliver not one but several types of intensely explosive orgasms in your love (and your partner's). Another new chapter deals with "The G-Spot" - giving full details on this elusive, and (until now), mysterious female "hot spot". The amazing eye-opening video shows both lesbian and straight couples demonstrating many orgasm techniques (too many to list), including female G-Spot ejaculation. It also includes very explicit close-ups, and a highly erotic, as well as instructive. Most men are definitely over-lookers, but through no fault of their own, it feels good to be in, so he reckons it feels good to her... But it doesn't! You can't blame him, how is he to know any better? The girlfriends aren't much help. So the men keep pushing, and the women keep faking. This is your chance to be different from "most men".

Good lovers are so rare most women don't know what one is, just the fact that you are reading this shows that you are willing to learn how to give her the best love she's ever had (this is no exaggeration).

After reading this book, and studying the video you'll be a different person. You'll wonder how you ever did without it! Sex-wise, we honestly believe this is the best investment you will ever make. Cheryl's method has made thousands of couples very, very happy. Here are some examples:

~ "Your method saved my marriage." - K.K. New York

~ "You have given me a power I never thought I'd possess." - L.K. London

~ "I have the power to drive my woman totally out of her mind - what a turn on!" - J.S. Nevada

~ "I was unhappy with my girlfriend's lack of responsiveness, sexually, after applying your technique: she's now a total maniac in bed. How can I thank you enough?" - J.N. Harris

~ "You changed my life! I only wish all couples had access to this!" - M.S. Norfolk

And there are thousands more! When you learn to give your lover an orgasm - it is the greatest gift of love that you can give (not to mention the immeasurable pleasure and high self-esteem it will give you and if you can do this every time you make love, she will be yours forever. And once you've seen a real orgasm in a woman, you'll know the difference between faking it and the real thing. Order this essential video-book set today, we honestly believe sex-wise, you'll never look back, it'll be the best investment you've ever made. Even if you are reading this in an old publication you can still order with confidence, we are well established distributors. Prices and delivery times will be the same. Please send us your name and address, stating "Cheryl Kramer video-book set" along with a cheque for £39.99 + £5 for postage & a clear packaging - £49.99 (American orders please add £5 extra - £49.99 payable to THE CHERRY ORCHARD). DIANA FRIG

Dextrous Di can't keep her digits off her dinner...

PHOTOS: LOBO PRESS

Hey, we all like a wank, but this girl's ridiculous. In days gone by birds might've straddled the odd spin cycle and cried themselves to sleep with shame afterwards, but these days they're a little more forthcoming about their masturbatory habits. Diana's a case in point.

"What can I say, I have a simply massive sex drive! I love wanking and have done for as long as I can remember. No one can give me an orgasm like I can give myself, and I fuck my pussy with fingers and dildos at least twice a day. However, the best thing in the world is an audience. I love guys (or even girls) watching me wank. It brings me off like you wouldn't believe."

"As you can imagine, touching my pussy in front of thousands of horny Club readers gives me an enormous thrill. Anyone care to join me?" ♣

How can a girl this horny be this dirty? Is it legal? And if so, how? Well, whatever the legalities, it's well worth the risk to bring you the fabulously filthy Amanda. A girl so saucy she makes HP's look like pepper.

"That's very kind of you to say so but I'm just a normal girl, no different from any other," she says modestly. Obviously, she must be kidding. Our cocks are rock solid at just the sight of her.

"Really?" she asked, suddenly perking up. "Show me then."

She goes on to explain that she loves seeing guys with hard-ons and always gives them a little feel to test for hardness.

"It's my little hobby. I give them a squeeze at the base and then at the top, then tug them up and down to see how many pulls it takes to make them blow. If a guy can hold out for more than two minutes I'll let them cum in my mouth. Three, and I swallow. Have we got ourselves a deal?" Have we indeed, drop that jaw. ♣
